EDL-Generation Public Company

Factsheet of EDL-Generation Public Company (EDL-Gen)

Company Overview

- EDL-Generation Public Company (“EDL-Gen”) was established on 15 December 2010 by Électricité du Laos (“EDL”), which transferred its hydropower plants and related power generation assets to EDL-Gen as contributed assets, together with all employees stationed at the hydropower plants and certain employees from EDL’s Head Office.
- On 11 January 2011, EDL-Gen became the first energy company to be listed on the Lao Securities Market.
- Subsequently, in 2012 and 2015, EDL-Gen successfully increased its capital through Right Offering (RO) and Public Offering (PO), representing its second and third capital increases. At that time, EDL held a 75% shareholding, while the remaining 25% was held by domestic and international investors.

Vision

- A leading company in Lao PDR in generating the stable electric power, to fulfil the demand of socio-economic development of Lao PDR and the region in line with the green and sustainable direction.
- A leading company in providing the operation and maintenance services to power producers in Lao PDR and the region.
- A leading company that creates the added values for shareholders.

Mission

- To supply electric power from clean and renewable energy sources by taking the environment into account, ensuring the energy security and sustainability for Lao PDR and the region.
- To comprise the clear, transparent and auditable decision-making process.
- To collaborate closely with strategic partners and power distributors to supply electricity for domestic and regional socio-economic development.
- To enhance the effectiveness and improve the company in all aspects, in order to become the producer and provider of the operation-maintenance service for power producers in Lao PDR and the region.
- To invest in businesses which emphasize the creating of added values both short term and long term with highest returns continuously for shareholders

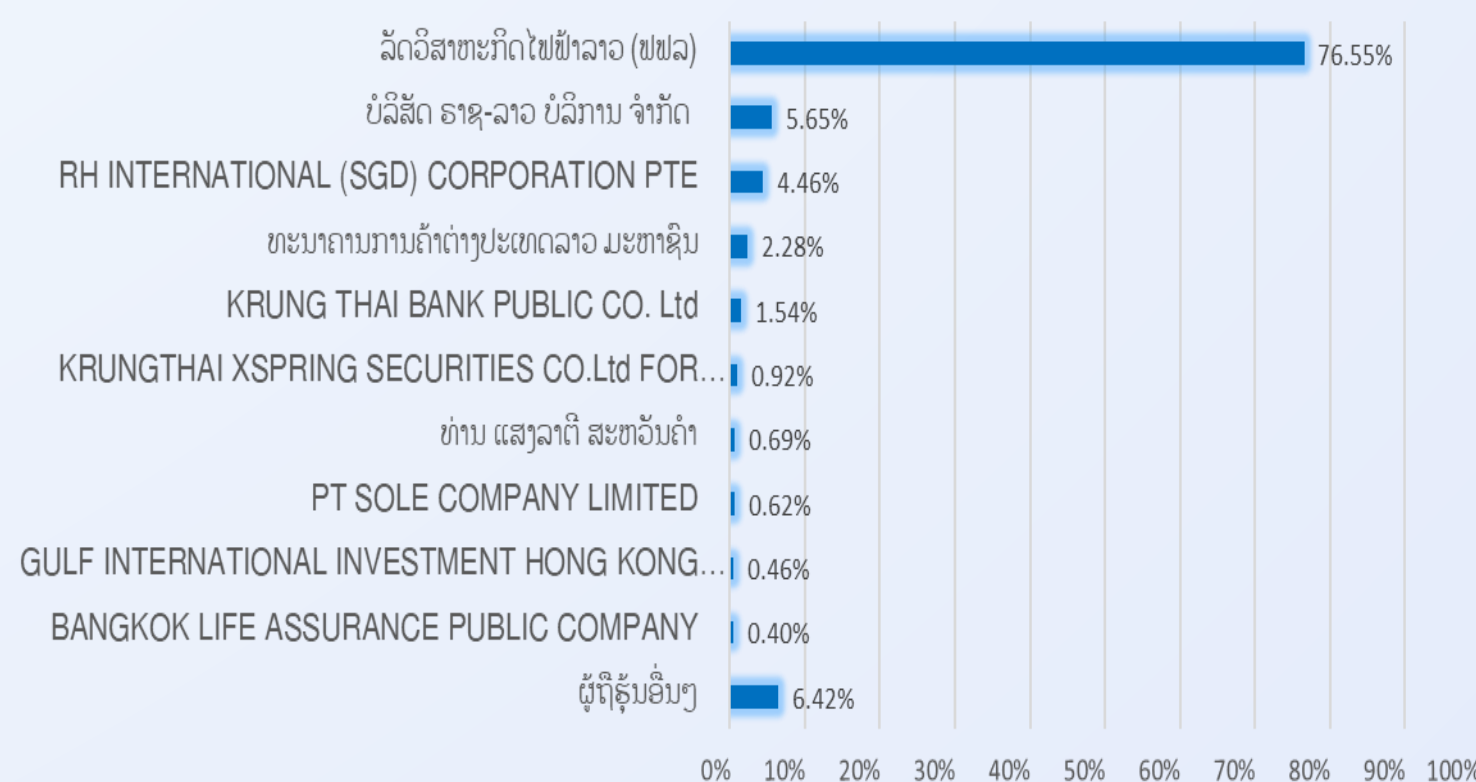

Core Business Operations

- Generate electricity for wholesale to EDL
- Invest or joint venture in other electricity generating projects (IPPs)
- Provide management & maintenance services for other electricity generating projects
