Environmental Policy of EDL-Generation Public Company

EDL-Generation Public Company (“EDL-Gen”) is a company engaged in electricity generation and sale, joint ventures to support the country’s socio-economic development. Its aim is to combine energy development with organizational growth, establishing itself as a leader in energy conservation and environmental protection.

Therefore, EDL-Gen has developed its environmental policy to be guiding its operational as below:

1. Encourage all parties strictly comply with environmental procedure and regulations.
2. Promote the utilization of clean and smart technology in electricity development to ensure compatibility with local communities and the environmental sustainability.
3. Promote the implementation of environmental management systems at EDL-Gen’s hydropower plants in accordance with international standards, with continuous improvement.
4. Support carbon credit trading as a means to reduce greenhouse gas emissions and address climate change.
5. Encourage the efficient use of energy and natural resources both within the organization throughout society.
6. Create a green organization by reducing its carbon footprint through digital transformation, the adoption of electric vehicles and other sustainable initiatives.
7. Communicate the environmental policy to all EDL-Gen employees and raise public awareness, supported by clear procedures to ensure effective implementation.
8. Manage and reforest in EDL-Gen’s hydropower catchment areas.
9. Support community development in the local communities surrounding EDL-Gen’s hydropower plants.

Sincerely Yours,
